

Talking Points: Father's Day Reflection on Moses Delivered by Elder Beatrice Muma 06 16 19

Exodus 2–40; Deuteronomy 34; Matthew 17:3; Hebrews 11:24-25

**My father Figure for this Father's Day is MOSES**

My reason for picking MOSES is because his life and actions captivates our attention by telling the story of a prince, who became a Shepard, then to the father that will rescue Isreal.

MOSES was the commander in chief God appointed to free his people.

**Why is MOSES a special father?**

He is a special father because he listened to GOD's matching orders and did not resist.

Moses was the only father who saw God face to face as stated in Deuteronomy 34:10.

**What were his virtues?**

Moses trusted God to deliver him no matter how dark his past was.

He never gave up.

### **How did God use Moses?**

God used Moses to free the Israelites out of Egypt to the promise land.

God rescued them through Moses.

### **Some of the lessons we can learn from our father figure Moses are that:**

God has a scheduled plan for us.

Moses was very humbled; he became a Midianite Shepard, holding the very job he was thought to despise as an Egyptian.

God is all powerful and can perform miracles, but he chose the wise leadership of Moses to execute his plans.

God led Moses and the nation of Israel, and he wants to lead us as well.

Thank you.
